

# Choosing an Egg

If you are daring enough to care for a dragon, we strongly advise that you start with an egg. Only buy dragon eggs from a reputable egg-thief. A good egg-thief should still have most of his limbs and at least a bit of common sense. A good egg-thief should listen to your requirements and help you choose the perfect dragon.

## TOP TIP

Dragon eggs come in various sizes and colours according to their breed. Try to choose one that best suits your lifestyle. This isn't as easy as it looks... dragon thieves often muddle up eggs.
